

HAPPY NEW YEAR !

**Developmental Biology Center  
Friday mini symposium & happy hour**

**Friday, January 19th, 3:00-5:00 p.m.  
Natural Science I, Room 1114**

**Refreshments and snacks will be served**

3:00	Welcome and announcements
3:15 – 3:40	<b>Chris Hughes</b> (MBB) Notch Signaling in vascular patterning
3:45- 4:10	<b>Kyoko Yokomori</b> (BioChem) The role of the sister chromatid cohesion factor “cohesion” in chromatin regulation and human disease
4:15 –4:40	<b>Eva Lee</b> (BioChem, Dev & Cell) Genetic and Sex hormone interaction: Is progesterone signaling obligatory for Braca1/p53 mediated mammary carcinogenesis?
5:00	<b>Happy hour</b>

Open to all members of the UCI research community (Grad students, post docs, 199s, research staff and PI's) who have an interest in these issues.

This is a great chance to meet folks from other labs and exchange reagents and ideas. Please share this email with any interested parties that we may have missed.

Thank You

Bruce Blumberg & Larry Marsh
