OBC Imaging Workstation

No Charge

DATA STORAGE POLICY

Users are required to transfer data files to their local computers in a timely manner. Note – all data files are routinely deleted after 1 year. See footnote 2 for further info.

Footnotes

<sup>1</sup>. Rates include cost of initial training on all instruments and assistance with subsequent use.

<sup>2</sup> **Data storage policy** Backup and storage of data files are the user's responsibility. Within the OBC, users may download files to a memory stick or CD. Users may also download files from the OBC Workstation to their own computer over the internet. For instructions see the [information](#) on the DBC website. To maintain drive space for new images, existing files will be automatically deleted after one year.

<sup>3</sup> **Time lapse rate**

**OVERNIGHT**

Time-lapse rates run from 6pm to 8am the next morning (**14 hours**) M-F. Users can start anytime after 6pm and will be billed the first 3 hours only @ \$20/hour (total \$60 for up to 14 hours).

**WEEKEND**

Time-lapse rates run from 6pm SATURDAY EVENING to 8am MONDAY morning (**38 hours**). Users can start anytime after 6pm SATURDAY and will be billed the first 5 hours only for up to 38 hours.

Special needs are handled on an individual basis by petitioning the facility director and or Co-director.
